OFFICIAL UK AGENT FOR

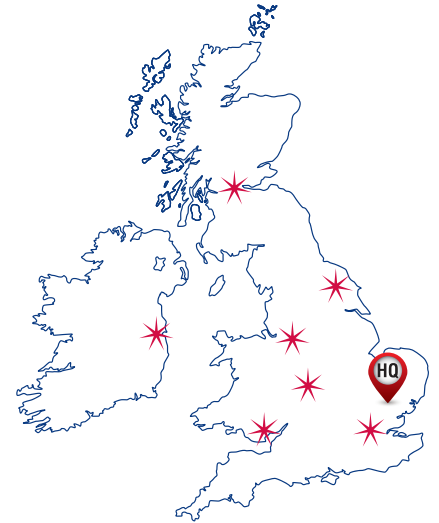

TDS is the sole UK agent for Ventura Systems of Holland and provides a full part and service support on the now commonly fitted inward gliding & plug sliding door systems in all major UK fleets. Over 500 commonly used parts are stocked in the UK for quick VOR response and full access to technical & drawing data is available on request

REFURBISHMENT & REPAIR KITS

Refurbishment service available for Ventura rodless cylinders.
Common DSG entrance door cylinder/actuator seal kits also stocked.

COMPONENT SOURCING & REVERSE ENGINEERING

TDS regularly finds sources for older & difficult to obtain parts. Equivalent parts can be offered or parts reverse engineered to a high specification including pneumatic, electronic and mechanical types. We just require samples, drawings or images to assist us in this process.

WARRANTY & SERVICE SUPPORT

TDS co-ordinates a fully trained Service Agent Network in the UK & Ireland to primarily support all TDS and Ventura door systems in service. General pneumatic, electrical & mechanical troubleshooting can also be undertaken on all other common door systems including BCE, Bode, Masats, Deans, Peters & Percy Lane/Overton systems.

SITE TRAINING & PREVENTATIVE MAINTENANCE

- TDS offers onsite training programmes to improve workshop confidence when maintaining typical bus door systems. OE specific training available on TDS & Ventura door systems.
- TDS also provide preventative maintenance & healthcheck inspections for older UK fitted door systems including Peters & Deans and offers attractive parts inclusive packages. Prolong the life of your system without excessive expense.

UK DOOR MANUFACTURER

TDS is the primary supplier of Pneumatic Glider door systems to the Optare Group and has supplied over 3500 systems which currently operate in the UK & Worldwide locations. We also supply Electric Glider & Folder door systems to key welfare vehicle producers including Trekabus. Familiar vehicle models include Optare Metrocity, Solo, Olympus, Tempo, Versa & Treka16.
