LEADING UK BUS DOOR PARTS SUPPLIER & DOOR SYSTEM MANUFACTURER

EXTENSIVE PART CROSS REFERENCING CAPABILITY

OFFICIAL UK & IRISH
AGENT/SERVICE PARTNER

www.transportdoorsolutions.co.uk

In response to many industry requests, TDS have now produced this useful commonly used bus door part guide to help with part identification in the workshop, on site and in the office when internet access is not always possible.

It includes the most regularly used service parts on door systems fitted to popular UK built vehicles supplied by **Alexander Dennis, MCV, Optare, Wrightbus and Mellor Bus, Treka Bus**. Please note, we can additionally supply most other door related items including larger parts such as complete door leaves, mechanisms and shafts when required for crash repair or refurbishment projects.

We can supply parts for ALL newer **TDS** and **Ventura** doors, alongside most of the parts needed for older **Peters** and **Deans** systems still in service. Although we primarily support bus, we are also able to supply a number of parts for popular coach doors including those manufactured by **BCE, Masats** and **Revar**.

If you are unsure of the part you need, please contact us with ideally a door **serial number** which is normally located on labels on the door leaves and shelfplate, or provide **vehicle model & age** details. Typical Ventura label shown here:

OFFICIAL UK AGENT FOR

TDS is the sole UK agent for Ventura Systems of Holland and provides a full part and service support on the now commonly fitted IG (Inward Gliding) PS (Plug Sliding) & RS (Rapid Sliding) door systems in all major UK fleets. Over 700 commonly used parts are stocked in the UK for quick VOR response and full access to technical & drawing data is available on request

TDS are majority owned by McGregor Young Ltd, the market leading supplier of bus glazing systems to UK bodybuilders. Contact them for your glazing needs including Side Windows and Drivers Signalling, Rear Emergency Escape & Hopper Units.

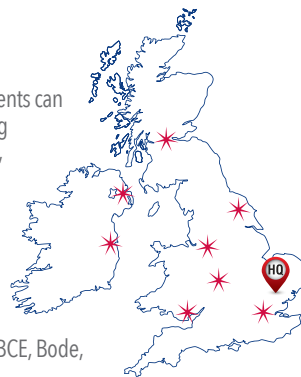

Tel: +44 (0)7825 058963 davidwatt@mcgregor-young.co.uk

COMPONENT SOURCING & REVERSE ENGINEERING

TDS regularly finds sources for older & difficult to obtain parts. Equivalents can be offered or parts reverse engineered to a high specification including pneumatic, electronic and mechanical types. We just require samples, drawings or images to assist us in this process.

WARRANTY & SERVICE SUPPORT

TDS co-ordinates a fully trained Service Agent Network in the UK & Ireland to primarily support all TDS and Ventura door systems in service. General pneumatic, electrical & mechanical troubleshooting can also be undertaken on all other common door systems including BCE, Bode, Masats, Deans, Peters & Percy Lane/Overton systems.

SITE TRAINING & PREVENTATIVE MAINTENANCE

- TDS offers onsite training programmes to improve workshop confidence when maintaining typical bus door systems. OE specific training available on TDS & Ventura door systems.
- TDS also provide preventative maintenance & healthcheck inspections for older UK fitted door systems including Peters & Deans and offers attractive parts inclusive packages. Prolong the life of your system without excessive expense.

UK DOOR MANUFACTURER

TDS is the primary supplier of Pneumatic Glider door systems to the Optare Group and has supplied over 4000 systems which currently operate in the UK & Worldwide locations. We also supply Electric Glider & Folder door systems to key welfare vehicle producers including Trekabus. Familiar vehicle models include Optare Metrocity, Solo, Olympus, Tempo & Versa. Trekabus 16 & Mellor Maxima/Strata HF.

Transport Door Solutions Ltd, 43 Broton Drive, Halstead, Essex, CO9 1HB, UK.
